Carrier Objective

Motivated and detail-oriented Computer Science undergraduate with a strong foundation in programming, problem-solving, and web development. Proficient in C++ and capable of developing efficient, scalable solutions across both front-end and back-end environments. Adept at applying core concepts in real-world scenarios and committed to continuous learning. Seeking a software development role to contribute effectively to impactful and innovative projects within a growth-focused organization.

Skills

- **Languages:** C, C++, Python, JavaScript
- **Frameworks/Tools:** ReactJS, Node.js, Express, PostgreSQL, Firebase, Figma.

Education

VIT Bhopal University, BTech in Computer Science and Engineering Oct 2022 – Ongoing

- CGPA: 8.2/10

Experience

Full-Stack Developer (Internship Project), Vitkart – Shopping Website Sep 2024 – Present

- - Developed dynamic e-commerce website using MERN stack (MongoDB, Express, React, Node).
- - Implemented secure login, product listings, cart, and order functionalities.
- Implemented role-based access control (admin vs. user) to manage product inventory and order tracking.

Projects

“EVOLVE” Fitness Application

- Led frontend development of a cross-platform fitness app to help users plan workouts and track progress. Designed a clean, interactive UI using React Native and integrated features like workout plans, step tracking, and BMI calculators.

Crop Yield Prediction Web App

- Developed a web application that predicts crop yield based on inputs such as soil type and weather conditions. The app features a simple user interface for data entry and result display, leveraging machine learning to provide accurate and data-driven predictions.

VitKart - Shopping Website Platform

- Developed and launched a responsive e-commerce website with a seamless UI, secure payment integration, and a scalable product catalog using modern web development technologies.

Certifications

NPTEL (IIT Kharagpur): Cloud Computing Elite Gold Certificate
Coursera : Industrial IOT Market and Security (Secured A Grade (90/100))
Vityarthi: Python Essentials (100 Percent)
Udemy:: Full Stack Web Developer Certification

Extracurricular

Core Member, AdVitya(Annual College Fest : Contributed to cross-functional planning and execution across hospitality, logistics, marketing, and event coordination.

Inter State Chess Competition : Playing chess - Enthusiastic chess player, keen on strategic thinking and problem-solving, which enhances my analytical and decision-making skills.
